UNTOUCHED UNSPOILED UNBELIEVABLE

Located 600 miles off the coast of Ecuador, this archipelago of unspoiled, isolated islands will welcome you with its rugged charms and evolutionary wonders. Consisting of 19 islands and 42 islets that all rose from the sea as the product of volcanic eruptions, these islands are between 3 million and 4 million years old.

Completely oceanic—meaning they've never been connected to the mainland—the Galapagos Islands are truly a world apart. Settlers have carved out their lives on the lava rocks, pirates have profited, and scientists have explored. The history of the Galapagos is rich and diverse, with tales of basic survival and extraordinary discovery. For almost any modern adventurer, a journey through time to the Galapagos is a dream vacation.

THE CELEBRITY DISTINCTION IN THE GALAPAGOS

The moment you step aboard a Celebrity ship, you'll notice a difference. We brought together teams of world-class architects, interior designers and stylists to create a showcase of the most inspiring spaces at sea, custom designed just for you. The proof is in the details. Revel in stylish design. Sink into exquisite bedding. Bask in the breathtaking views. Delight in the distinctive dining with locally sourced menus crafted by our Michelin-starred chef. And be indulged by our seamless—never intrusive—service. Our array of luxurious accommodations has been artfully created to make your stay warm and welcoming throughout the Galapagos Islands.

This extends to our entire fleet: the luxurious new Celebrity FloraSM, first vessel of its type designed especially for these islands; the popular Celebrity Xpedition[®], a mega yacht with modern updates; and the intimate Celebrity Xploration[®]. By carefully crafting and executing every detail, we deliver a Galapagos experience like no one else. You'll enjoy a carefree, memorable, distinctly Celebrity vacation.

THERE'S A DIFFERENCE BETWEEN VISITING AND EXPERIENCING

Simply landing on a beautiful island is one thing. Getting to know its science, history, and secrets is quite another. These are the kinds of in-depth experiences our naturalist guides create just for you. They're some of the best in the Galapagos. Experts in everything from science to history, they've spent years on these fascinating islands, and many were raised in the region. They'll give you not only a unique view from an ecologic and geologic perspective but also a personal view of what it's like to grow up in such a special place.

Visit celebrity.com/galapagos, call us at 1-888-751-9303, or contact your travel advisor.

CERTIFIED NATURALISTS

Each guide on our Galapagos sailings will be on board during your entire vacation. They're certified by the Galapagos National Park, recognizing their extensive educational training and commitment to maintaining the pristine nature of these islands. They are the real difference between an ordinary vacation and an extraordinary journey.

SEE IT ALL THROUGH THE EYES OF EXPERTS

The Galapagos Islands are a collection of uniquely diverse environments and wildlife. Together, these islands create a complex ecosystem unlike any other on Earth. To bring you a deeper, richer, more immersive experience in this stunning destination, we've partnered with world-renowned scientists, passionate environmentalists, and an acclaimed marine biologist to deliver experiences that are equal parts enlightening, authentic, and distinctive for a vacation that's completely unforgettable.

Visit celebrity.com/galapagos, call us at 1-888-751-9303, or contact your travel advisor.

YOLANDA KAKABADSE FLORA'S GODMOTHER

Yolanda is a champion of sustainable development and biodiversity preservation. She's a former minister of environment for the Republic of Ecuador and a former president of the International Union for Conservation of Nature and World Wildlife Fund International. She's dedicated to leaving the world a better place, which is exactly why we chose her.

UNIVERSITY OF MIAMI AND OCEANSCOPE

Through our partnership with the University of Miami's Rosenstiel School of Marine and Atmospheric Science, FloraSM is outfitted with OceanScope program equipment, including sophisticated sensors that continually gather ocean temperature, dissolved carbon dioxide, and currents to help scientists gain knowledge about this precious corner of the world.

DR. ELLEN PRAGER

A well-known marine and earth scientist and author of numerous science books, Dr. Prager serves as our science advisor and regional destination expert. She knows these islands' innermost secrets and shares them with you through presentations, briefings, and exciting shore excursions she's curated.

BEAUTY COMES NATURALLY

The animals of the Galapagos are unlike any others on Earth. Apart from having no natural fear of humans, they evolved in entirely unique manners, which are on full display daily for you to see. This includes enormous 100-year-old Galapagos giant tortoises, free-diving marine iguanas, the beautiful and animated blue-footed boobies, and a host of other exotic fauna found nowhere else.

Visit celebrity.com/galapagos, call us at 1-888-751-9303, or contact your travel advisor.

THE FLORA

While the animals of the Galapagos Islands get the glory, the evolution and adaptation of plants here is equally important. Check out the beautiful lava cactus, which grows only on barren lava fields, the prickly pear cactus, found only on these islands, and the magnificent *Scalesia* tree, which grows up to 60 feet tall.

THE FAUNA

Since the animals here don't fear the humans, you can truly get up close and personal. Look into the eyes of a Galapagos iguana and swim among the only penguin species found north of the equator. Here, you'll meet the creatures whose very existence forms the basis for one of the most famous scientific theories in history.

THE UNFORGETTABLE

You really haven't vacationed until you've hung out with a blue-footed booby, come face to face with a Galapagos giant tortoise, and marveled at the sight of a magnificent frigate bird, not to mention Darwin's finches, more than 13 species that have adapted to different areas of the islands.

THE ADVENTURE

Get ready for the snorkel experience of a lifetime. Here, you'll swim beside sea turtles and friendly, curious sea lions. They welcome you and swim along as if you were part of the family.

LEAVING THE WORLD A BETTER PLACE

When you love traveling the planet as much as we do, being its steward is paramount. We're focused passionately on preserving the environment and partnering with local organizations on programs designed to improve the quality of life for residents of the Galapagos Islands. Since 2014, working in collaboration with the Galapagos National Park and our naturalists, our guests have introduced more than 50,000 plants in support of the *Scalesia* reforestation effort. We're not only helping the wildlife that rely on these plants but also assuring that future generations get to experience this magical place—just as you can today.

LOW-IMPACT TRAVEL

BIENVENIDOS — WELCOME
ESTACION CIENTIFICA
CHARLES DARWIN
Charles Darwin Research Station

Your Galapagos experience upholds the highest standards of environmental stewardship. We care about the big things, like painting our hulls with silicone to move our ships more efficiently with less fuel, plus the little things, like sourcing the chocolates on your pillow from a local manufacturer that buys cacao from small producers in the region.

THE DAILY CATCH

Through the Galapagos Fund, we worked with the local community to create a fishing co-op, which provides fishermen with a safe, clean processing plant in which to prepare, store, and sell their catch efficiently. Today, we serve the co-op's deliciously fresh, locally sourced, daily catch on board.

THE "GALAPAGOS TOMATO"

We've funded construction of greenhouses and provided additional support for local farmers' associations, resulting in the first-ever signed agreement between local farmers and a cruise ship company. One result of our organic agriculture initiatives has been the creation of hybrid "Galapagos tomatoes," now served on our Galapagos sailings.

THE GALAPAGOS FUND

We created the Galapagos Fund together with the Galapagos Conservancy. The fund allows our guests to make a direct and lasting impact on the preservation of the region's rare flora and fauna, both marine and terrestrial. Since 2006, Celebrity and our guests have contributed over \$1.5 million to this fund for projects such as schools for special needs and for women's entrepreneurship.

A couple is sitting on a cruise ship deck at sunset. The woman, with curly hair and wearing a white shirt, is leaning towards the man, who is wearing a blue shirt and holding a champagne glass. They are both smiling and appear to be in a celebratory mood. The deck has wooden slatted railings, and the ocean is visible in the background under a soft, golden light.

PLACES WE VISIT

LAS BACHAS, SANTA CRUZ ISLAND

Las Bachas Beach is located in the north of Santa Cruz Island. Its soft white sand is derived from coral and shells, making it a favorite nesting site for sea turtles. Behind the beach, there is a small brackish lagoon where it is possible to observe flamingos and other coastal birds, such as black-necked stilts and whimbrels.

BALTRA ISLAND

During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport.

BARONESS OUTLOOK, FLOREANA ISLAND

The Baroness' Viewing Point is the ideal place to take in the unique scenery that defines Floreana and to learn about the history of the island's early settlers. Once inhabited by an indulgent baroness and her three lovers, the island's history is intriguing.

EL BARRANCO, GENOVESA ISLAND

El Barranco, also known as Prince Philip's Steps after the prince who visited in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and red-footed boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin *palo santo* forest.

BARTOLOMÉ ISLAND

Bartolomé Island hosts one of the region's most often photographed views—a spectacular geologic setting. Its barren, moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galapagos penguin and provides an excellent opportunity for snorkeling.

BLACK TURTLE COVE, SANTA CRUZ ISLAND

A small boat ride into Black Turtle Cove brings you up close to the quiet wonders of the Galapagos. Once inside the cove, we'll quietly explore the area looking for sea turtles, several species of rays, and sharks.

BUCCANEER COVE, SANTIAGO ISLAND

Buccaneer Cove is a testament to the fact that Santiago Island was once a refuge for British buccaneers. These pirates would anchor in the protected bay to make repairs and stock up on tortoise meat among other things.

CHAMPION ISLAND, FLOREANA

Champion lies east of Floreana and provides a wonderful opportunity for snorkeling and boat rides. Colorful tropical fish abound, with frequent sightings of sea turtles, rays, sharks, sea stars, and more.

CHINESE HAT ISLET

This small volcanic islet near the southeastern coast of Santiago Island is shaped amazingly like a Chinese hat, or "sombrero chino" in Spanish. It is formed of hardened lava and spatter cones, which make for scenic photos. Several species of Darwin's finches are found on the island. Along the coast, you will find sea lions and colorful Sally lightfoot crabs.

CORMORANT POINT, FLOREANA ISLAND

Floreana was the first capital of the Galapagos and where Charles Darwin met the islands' governor. Its small brackish lagoon is often home to flamingos, stilts, and white-cheeked pintail ducks. One of its beaches is a highly used nesting site for sea turtles. Check out the green-hued sand where you land.

DAPHNE MAJOR

Daphne is a satellite volcanic cone located north of Santa Cruz Island. This island is famous for the scientific investigation led by Peter and Rosemary Grant on the finches' population, one of the most important studies in the field that supports Charles Darwin's theory.

DARWIN BAY, GENOVESA ISLAND

Darwin Bay's soft white sand is only the beginning of a spectacular day. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigatebirds, and more.

DRAGON HILL, SANTA CRUZ ISLAND

Dragon Hill, or Cerro Dragón in Spanish, is named after its population of land iguanas. The site offers a beautiful view of the landscape and two small brackish lagoons where flamingos and other shore birds sometimes feed. Along the trail, we'll cross a beautiful "white forest" of *palo santo* (incense) trees and Galapagos cotton plants.

EGAS PORT, SANTIAGO ISLAND

With its black sand beach, coastal tide pools, and blue-water grottoes, this stop offers a wonderful taste of the Galapagos and an opportunity to see shore birds, Galapagos hawks, sea lions, marine iguanas, and Galapagos fur seals. Sea lions, colorful tropical fish, and sea turtles are often seen while snorkeling, conditions permitting.

ELIZABETH BAY, ISABELA ISLAND

Elizabeth Bay is one of the westernmost points in the Galapagos. A scenic small boat ride within this sheltered inlet offers viewing of a wide variety of wildlife and a wonderful mangrove ecosystem.

ESPINOZA POINT, FERNANDINA ISLAND

Fernandina is the youngest island in the Galapagos and, as Darwin wrote, it is "covered with immense deluges of black naked lava." Along with its extraordinary black lava rocks, this point of land hosts the largest colony of marine iguanas in the archipelago, along with sea lions and a nesting site for flightless cormorants.

ESPUMILLA BEACH, SANTIAGO ISLAND

Located on the northern coast of Santiago Island in James Bay, this beach is a sea turtle nesting site. Favored attractions are the *palo santo* forest, beach, and lovely landscape. The trail passes a small seasonal lagoon, where flamingos and white-cheeked pintail ducks are seen, then loops through an arid zone, where some of the tallest *palo santo* trees are found.

GARDNER BAY, ESPAÑOLA ISLAND

The beach at Gardner Bay, with its sparkling white sand, offers one of the best places in the Galapagos to relax and swim. It's home to one of the most important colonies of sea lions, and it provides a nesting site for sea turtles. Three species of Darwin's finches and Española mockingbirds may be seen here.

KICKER ROCK, SAN CRISTOBAL ISLAND

Kicker Rock or León Dormido, named for its shape—either a boot or a sleeping lion—is a dramatic sight. These remains of a volcanic tuff cone rise almost 148 m straight up out of the ocean. Erosion has split the rock in two, forming a narrow channel between.

LOS LOBOS, SAN CRISTÓBAL ISLAND

Named after its large colony of sea lions, this island usually allows visitors to observe their pups, especially while snorkeling. In addition, we may see blue-footed boobies, frigatebirds, even a glimpse at the second type of sea lion species found in Galapagos, the fur sea lion. It is a seasonal nesting location for blue-footed boobies and frigatebirds.

MORENO POINT, ISABELA ISLAND

Along this beautiful rocky shore, a field of hardened black lava flows is pockmarked by shallow pools, which are home to shorebirds and flamingos. The mangrove-lined shore also provides a chance to see marine iguanas, sea turtles, stingrays, sharks, penguins, and flightless cormorants.

MOSQUERA ISLET

This small, flat, sandy islet sits in the channel between Baltra and North Seymour islands. It is almost devoid of vegetation but has one of the largest populations of sea lions in the islands. Its sandy expanse offers visitors the perfect opportunity to observe the behavior of sea lions, lava gulls, coastal birds, and Sally lightfoot crabs.

NORTH SEYMOUR ISLAND

North Seymour is a small island just north of Baltra, home to the largest colony of frigatebirds in the Galapagos. While watching for male frigatebirds trying to impress potential mates with an inflated red neck pouch, you may also see blue-footed boobies dancing in their timeless courtship ritual.

POST OFFICE BAY, FLOREANA ISLAND

Rich in history, this site is home to a post office barrel, established circa 1793, where pirates, buccaneers, whalers, and others have left their mail to be picked up by outbound ships. The tradition continues today, as visitors leave addressed postcards in the barrel and sort through mail left in it to deliver back home.

PUERTO AYORA, SANTA CRUZ ISLAND

This is the major population center of the islands and home to the tortoise-breeding center of the National Park Service and the Charles Darwin Research Station, both of which you can visit.

PUERTO BAQUERIZO MORENO, SAN CRISTÓBAL ISLAND

Here we have the opportunity to visit the small waterfront town of Puerto Baquerizo Moreno, the administrative capital of the islands.

PUERTO VILLAMIL, ISABELA ISLAND

Welcome to the small, laid-back town of Puerto Villamil. An interpretive trail 1.5 km from town takes you around the secluded wetland lagoons to the tortoise center, created to protect baby tortoises from threats by foreign species such as pigs and donkeys. The center educates visitors about Galapagos giant tortoises, and you can see both hatchlings and older breeding animals.

PUNTA PITT, SAN CRISTÓBAL

At the northeastern tip of San Cristóbal Island, disembark onto the small green sand beach and hike up to the plateau, where a spectacular view makes it worth the effort. A steep gully leads up the cliff to a breeding ground for all three species of boobies: red-footed, blue-footed, and Nazca. It's the only place in the Galapagos where you can see all three nesting together.

RÁBIDA ISLAND

A small island south of Santiago, Rábida is best known for its red sand and eroded volcanic landscape. A nesting colony of pelicans makes its home here, along with sea lions and some sea birds.

SANTA FE ISLAND

Your visit to Santa Fe begins with a wet landing on the small beach at Barrington Bay. Sea lions populate these beaches and often surf the waves. Species here include the massive Santa Fe opuntia cactus, Galapagos hawk, Galapagos snake, Galapagos mockingbird, rice rats, and various finches. You'll hike past saltbush, where Galapagos hawks and Santa Fe land iguanas roam.

SOUTH PLAZA, SANTA CRUZ ISLAND

One of the islands off Santa Cruz, South Plaza was born of upheaval, uplifted during a geologic event. The rocky island is strewn with prickly pear cactus and home to land iguanas, marine iguanas, and a colony of sea lions.

SUAREZ POINT, ESPAÑOLA ISLAND

Española is the oldest island here, and Suarez Point is home to Nazca and blue-footed boobies, Española lava lizards, Galapagos hawks, Española mockingbirds, Darwin's finches, Galapagos doves, swallow-tailed gulls, and red-billed tropic birds. Seen from April to December, the 10,000–12,000 pairs of waved albatross represent the vast majority of this species on the planet.

SULLIVAN BAY, SANTIAGO ISLAND

During a volcanic eruption in the early 1900s, this area flowed with lava. Today, the hardened fields of black rock create a geologic wonderland. We'll take advantage of the cool early morning to view twisting, hardened lava flows, collapse craters, and everyone's favorite, the *hornitos*, or lava ovens. Tall red scoria cones and pioneer plants dot the young landscape.

TAGUS COVE, ISABELA ISLAND

Historically an anchorage for pirates and whalers, this site offers a breathtaking view of Isabela, its volcanoes, and spectacular Darwin Lake. Along the shore, seabirds, penguins, sea lions, sea turtles, and nesting flightless cormorants can be found.

URVINA BAY, ISABELA ISLAND

Composed of five coalesced volcanoes, Isabela is the largest island in the Galapagos and the most recently active. The latest eruption was in 2015. Here we will see land iguanas, finches, and if we're lucky, a giant tortoise. In 1954, the intrusion of magma below a volcano caused the bay to lift up some 6 m, and today we can hike the remains of what was once a thriving underwater reef.

VICENTE ROCA POINT, ISABELA ISLAND

The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a boat ride to remember, as we search for sea turtles, penguins, fur seals, flightless cormorants, marine iguanas, marine mammals, and oddly shaped sunfish.

WALL OF TEARS, ISABELA ISLAND

The wall is 15–20 feet (5–6 m) high, 10 feet (3 m) wide, and approximately 300 feet (100 m) long. When jailed in a penal colony here between 1944 and 1959, prisoners were forced to build the wall, stone by stone in isolation, only to be asked to tear it down again and start over. It is a lesson in history and a remnant of a cruel and intolerant time.

WARLOCK HILL (CERRO BRUJO), SAN CRISTÓBAL ISLAND

On the north coast of San Cristóbal Island, Cerro Brujo is the eroded remains of a volcanic tuff cone and one of the first sites visited by Charles Darwin. Captain Fitzroy climbed to the top of the hill to scout the reefs. A favorite attraction here is the gorgeous white sand beach, a wonderful place to swim or take a walk along the shoreline.

PACKING

PACKING FOR ADVENTURE

What does one pack when one is visiting some of the most unique, unspoiled islands in the world? Surprisingly, many of the same things you would take with you to visit any foreign destination. However, when deciding what to pack, we suggest keeping one word in mind: practicality.

DAYTIME AND SHORE EXCURSIONS

- Neutral-colored clothing is advised due to possible presence of insects.
- Lightweight rain jacket or windbreaker.
- A small backpack to carry water and other essentials.
- A hat, sunglasses, sunblock, and insect repellent.
- A resealable plastic bag to prevent water damage to cameras and other items of that nature.
- If guests bring a digital camera, they should make sure to pack plenty of memory cards.
- The weather in these ports of call can be unpredictable, so we recommend layers. During the warmer months (February to June) it can be very hot on shore excursions.
- Lightweight shorts and pants as well as both long-sleeve and short-sleeve shirts.
- A jacket or sweatshirt will come in handy for cooler days and evenings.
- Sturdy, comfortable walking shoes or lightweight hiking boots, thick socks, swimsuit, and waterproof sandals or wet/dry water shoes for the beach and wet landings. Some of the island trails require walking on rocks, so be sure to have support and good tread on walking shoes.

EVENING

- As you pack evening clothes, you should remember that there is no need for formal attire.
- For women, we recommend pants and skirts, or even casual dresses.
- For men, we recommend comfortable shirts and pants, along with a sweater or light jacket.

Ultimately, we advise guests to take whatever clothing, shoes, and supplies will allow you to focus your time and attention on what matters most: immersing yourselves in the beauty and history of the Galapagos Islands.

WHAT NOT TO PACK

Weapons, illegal drugs, and other items that could interfere with the safe operation of the ship or the safe and secure environment of our guests and crew are prohibited. Complete information on prohibited items is available for review at celebrity.com/packing. The following are examples of items that guests are not allowed to bring on board. These and other similar items

will be collected from guests and/or luggage upon being found, and may not be returned: knives, illegal drugs, candles, coffee makers, clothes irons, hot plates, electrical transformers, flammable liquids, explosives, dangerous chemicals, martial arts gear, handcuffs, HAM radios, and alcoholic beverages not in accordance with the Alcoholic Beverages Policy.

BOOKING AND PAYING FOR YOUR RESERVATION

BOOKING A CRUISE

Travel agencies can provide valuable advice and services to individuals considering a cruise. Celebrity encourages guests to book their Celebrity cruise through a travel agent of their choice who understands their individual needs. Any travel agent used by guests in connection with making arrangements for their Celebrity cruise, air accommodations, or any related travel, lodging, and tours is their agent. Celebrity is not responsible for any failure by guest’s travel agent to remit their deposits or payments to Celebrity, and they shall remain liable to Celebrity for any portion of the cruise or related fares that Celebrity did not receive. Similarly, Celebrity is not responsible for any failure by guest’s travel agency to remit a refund from Celebrity to them. Celebrity’s minimum age to sail unaccompanied on sailings originating in North America is 21. The minimum age to sail unaccompanied on sailings from South America, Europe, Asia, Australia, and New Zealand is 18. The Company retains the right, on rare occasions, to raise the minimum age to sail unaccompanied on any sailing when local laws require or permit such a modification. This age limit will be waived for minor children sailing with their parents or guardians in adjacent staterooms; for underage married couples; and for active duty members of the United States or Canadian military. Certain other restrictions may apply, such as proof of marriage or proof of active duty military status.

DEPOSITS/PAYMENTS AND CANCELLATIONS/REFUNDS

Deposit requirements are per person unless otherwise noted. The minimum deposit amount must be received within up to seven (7) days of booking, varying based on time prior to departure. Final payment of the balance must be received at Celebrity’s offices at least 120 days prior to sailing for Celebrity FloraSM, Celebrity Xpedition®, and Celebrity Xploration®. If guests booked their cruise through their travel agency, guests must provide payment to their travel agent. Travel agents: Make checks payable to Celebrity Cruises Inc., P.O. Box 025511, Miami, FL 33102-5511. For express mail or courier deliveries, send to Celebrity Cruises Inc., 1050 Caribbean Way, Miami, FL 33132, Attn: Cash Processing Department.

If guests booked their cruise directly with Celebrity, guests may pay us via credit card, money order, or personal check. Celebrity accepts Visa®, MasterCard®,

American Express®, Optima®, Diners Club International®, and Discover® cards for individual bookings. Cancellations must be made by guests or their travel agents. Depending on when the cruise is canceled, a cancellation charge may apply. See chart for applicable late-cancellation charges for cruises. (Cancellation charges for groups vary from those for individuals.) No refunds will be made in the event of a no-show or if guests interrupt their cruise. All appropriate refunds will be made through their travel agent. Celebrity is not responsible for any payments guests made to their travel agent that are not paid to Celebrity, or any refunds that Celebrity has provided to their travel agent. Travel agents may impose their own charges in connection with a cruise. For example, the travel agent may charge a flat service fee for assistance with your reservations and a value-added charge for additional amenities or services being provided by the travel agent. In addition, travel agents may impose their own cancellation fees. Any charges or fees of this nature are a matter strictly between guests and their travel agents.

ONLINE CHECK-IN
To expedite the boarding process, it is strongly recommended that guests complete online check-in. Just visit celebrity.com/onlinecheckin. For those who do not complete online check-in, the forms will be included in the cruise documents. Please fill out these forms before you leave.

SERVICE FEES
Any changes or cancellations to your cruise or air arrangements (to which a cancellation charge does not apply) may be subject to additional fees, such as service fees for documents.

DOCUMENTATION

Guests are responsible for bringing all travel documents, such as passports, visas, proof of citizenship, and proof of mandatory inoculations, required for boarding the vessel in Ecuador and for entry or re-entry into any countries through which their voyage or other travel arrangements take them. **At a minimum, each guest is required by Ecuadoran law to have a valid passport with at least six months validity from the departure date from Ecuador.** Guests who do not possess the proper documentation may be prevented from boarding their flight or ship, or from debarking or entering a country, and may be subject to fines.

Also, it is important that the name on the reservation be exactly as it is stated on the passport or other official citizenship document. If the guest’s name has changed since the document was issued (i.e. marriage/divorce), it is required that the document be updated with the new name, or provide official supporting document(s) of the name change. Otherwise, it may result in delay or possible denial of boarding. Visit celebrity.com/documentation for up-to-date information on documentation.

For additional passport information, visit www.travel.state.gov or the passport service of your choice, such as *CIBT - Passport and Visa Service at www.cibt.com/celebrity. For more information on Special Groups (requirements for U.S. and Canadian children, groups of children, U.S. military...), please visit www.cbp.gov/travel.*

CRUISE DOCUMENTS

Guests’ cruise documents provide information relevant to the sailing. Normally, documents will be received by the travel agent 30–50 days prior to sailing, assuming cruise elements are finalized and payments made. Group and Air/Sea documents require additional steps and will normally be received by the travel agent within 30 days of sailing. All documents will be provided electronically via the internet (eDocs) for travel agency access. Documents may not be provided in advance for bookings finalized the week of sailing. Guests will obtain pertinent details at the pier prior to boarding and on board the ship. Regardless of document status, no one will be allowed passage unless his or her name appears on the ship’s guest manifest. All cruise tickets and air arrangements are valid only for the named passenger and may not be sold or transferred.

ONLINE CHECK-IN
To expedite the boarding process, it is strongly recommended that guests complete online check-in. Just visit celebrity.com/onlinecheckin. For those who do not complete online check-in, the forms will be included in the cruise documents. Please fill out these forms before you leave.

SERVICE FEES
Any changes or cancellations to your cruise or air arrangements (to which a cancellation charge does not apply) may be subject to additional fees, such as service fees for documents.

Note: Applicable laws and regulations may require Celebrity to collect and pass on to governmental and other authorized bodies certain personal and other details. If guests fail to supply the details requested fully and accurately, they may not be permitted to board the ship or their flight. If, as a result of their failure to comply with the foregoing, Celebrity incurs any fines, surcharges, or other financial penalty, guests will be responsible for reimbursing us accordingly.

PASSPORT REQUIREMENTS

Make sure you have the proper forms of identification needed for your particular trip. Visit celebrity.com/documentation for up-to-date information on passport requirements.

FAMILY LEGAL DOCUMENTS

Should the last names of the parent and minor child traveling with them differ, the parent is required to present the child’s valid passport and visa (if required) and the child’s government-issued birth certificate (original, a notarized copy, or a certified copy). The name of the parent(s) and the child must be linked through legal documentation. Adults who are not the parent or legal guardian of any minor child traveling with them are required to present the child’s valid passport and visa (if required) or the child’s government-issued birth certificate (original, a notarized copy, or a certified copy) and an original notarized letter signed by at least one of the child’s parents. The notarized letter from the child’s parent must authorize the traveling adult to take the child on the specific cruise and must authorize the traveling adult to supervise the child and permit any medical treatment that must be administered to the child. If a nonparent adult is a legal guardian, the adult must present a certified certificate of guardianship with respect to the child.

INOCULATIONS/HEALTH

All guests must ensure they are medically fit for travel. As such, we remind guests to check with their physician at least 4–6 weeks before sailing to make sure they are up to date with any required immunizations or vaccines they may need (including but not limited to certification of yellow fever vaccination) to ensure they will be permitted to visit each of the exciting destinations and tours on their itinerary. For further information, guests may contact the Centers for Disease Control and Prevention’s Traveler’s Health web site at www.cdc.gov/travel or toll-free at **1-800-232-4636**.

VISAS

Please contact the embassy (consular services) of each country on your sailing itinerary or the visa service of your choice for specific visa requirements, information, forms, and fees for your nationality. It is the guest’s responsibility to ensure the required visas are secured prior to boarding the ship.

GUEST LIABILITY

If, as a result of guests’ lack of proper documentation, a fine or other cost is incurred by Celebrity Cruises, guests agree to indemnify Celebrity Cruises for such expenses. It is the sole responsibility of the guest to identify all travel, inoculation, and health requirements and obtain and have available when necessary the appropriate valid travel documents, such as passports and visas, inoculation documents such as yellow fever certificates, and other health requirements.

GUEST CONDUCT

GUEST CONDUCT POLICY

The Guest Conduct Policy (GCP) is a written code of behavior that is expected of all guests sailing on a Celebrity cruise vacation. It is available for review on line at celebrity.com and at the Guest Relations desk. A copy also is placed in each guest stateroom. The GCP is intended to help ensure that all guests are able to participate in a safe and enjoyable cruise experience. Failure to act in accordance with the GCP will result in consequences, up to removal from a ship at the next port of call, intervention by law enforcement, and denial of boarding on future cruises.

REFUSAL OF BOOKING REQUEST OR PASSAGE

We are delighted to have provided safe and enjoyable cruises to our guests over the years. To facilitate our ability to continue to provide safe and enjoyable cruises to our guests, we reserve the right to refuse to accept a booking request from an individual or group and reserve the right to cancel an existing reservation. For more details, see our Refusal to Transport policy and Guest Conduct policy, both of which are available on line at celebrity.com. The Refusal to Transport policy provides, among other things, that a booking request may be denied, for example, where the guest’s conduct on a prior cruise has resulted in disciplinary measures by Celebrity Cruises, Royal Caribbean International®, Azamara Club Cruises®, or any other affiliated cruise line.

Celebrity is not liable for its refusal to transport any passenger or for its removal of any guest in accordance with these policies. In addition, Celebrity shall not be required to refund any amount paid by any guest who must leave the cruise vacation prematurely pursuant to either policy, nor shall Celebrity be responsible for lodging, meals, return transportation, or other expenses incurred by the guest, or for any consequential or punitive damages.

Any dispute between a guest and Celebrity in connection with a guest’s cruise booking or cruise shall be litigated, if at all, in and before a court located in Miami, Florida, U.S.A., to the exclusion of the courts of any other state, territory, or country.

PASSAGE TICKET CONTRACT

The transportation of guests and baggage on Celebrity Flora, Celebrity Xpedition, and Celebrity Xploration is governed by the terms and conditions of the Cruise Ticket Contract included as part of the cruise documentation. The Cruise Ticket Contract, which is between the carrier Islas Galapagos Turismo y Vapores C.A. (hereafter IGTV) and guests for sailings on Celebrity Flora or between the carrier Oceanadventures S.A. and the guests for sailings on Celebrity Xpedition and Celebrity Xploration, limits their rights against both the Carrier and Celebrity. Among other things, the Cruise Ticket Contract sets forth limitations on the time frames in which claims may be made and suits filed against the Carrier or Celebrity. It is important that guests read all of the terms and conditions of the Cruise Ticket Contract, paying particular attention to sections 11 and 12. The carrier for Celebrity Flora sailings is Islas Galapagos Turismo y Vapores C.A. (hereafter IGTV) and for Celebrity Xpedition and Celebrity Xploration sailings is Oceanadventures S.A.

Note: A Cruise Ticket Contract must be signed by each guest prior to boarding. (Copies are available upon request and may be available on line at celebrity.com/cruiseticketcontract.)

The terms and conditions set forth in this brochure shall also apply. Any and all information contained in this brochure, including prices, terms, and conditions, is subject to change at any time without notice. In the event of any conflict between (on the one hand) the terms and conditions of this brochure, any advertisements or offers related to a Celebrity Flora, Celebrity Xpedition, or Celebrity Xploration cruise, or any oral or written representation of any carrier or Celebrity representative, and (on the other hand) the Cruise Ticket Contract, the terms of the Cruise Ticket Contract shall govern.

GUESTS WITH DISABILITIES AND SPECIAL NEEDS

Please note the ability to accommodate guests with special needs aboard the vessels in the Galapagos Islands is limited. The Galapagos vessels cannot accommodate guests who are full-time wheelchair users. In addition, the land portion of these vacations, including Quito and Galapagos in Ecuador, as well as Lima, Cuzco, and Machu Picchu in Peru, are not suited to persons who are full-time wheelchair users. A guest on a Celebrity Galapagos vacation must be able to ascend or descend steps into a motor coach, walk and/or climb over uneven ground for extended distances, get on and off tenders on both wet and dry landings, and be able to climb stairs. Celebrity Xpedition and Celebrity Flora do not offer accessible staterooms.

Guests should be reminded that Celebrity is not required to provide personal assistance (e.g. assisting with eating,

dressng, toileting, lifting, etc.), and therefore, guests requiring assistance with these functions should consider these needs when making a booking. Guests should contact our Access Department in writing via email at special_needs@celebrity.com or via fax at **1-954-628-9622**.

ONBOARD PHYSICIANS

Celebrity Flora and Celebrity Xpedition are each equipped with a medical facility. One licensed physician (licensed under Ecuadoran law) is normally in attendance on board. The medical services and medications kept on board are extremely limited, and guests must bring an adequate supply of any specific medications they need. The medical facility is not intended or designed to serve as a clinic for guests, and the use of those facilities (including any medications obtained therefrom) will result in a charge to the guest. For Celebrity Xploration sailings, please note the vessel does not have a doctor on board nor a medical facility.

We are not responsible for the diagnosis, treatment, or services furnished by shipboard medical personnel, who are independent contractors.

LIABILITY

CELEBRITY’S LIABILITY

Guests release Celebrity from any and all claims for loss or damage to baggage or property, or for personal injuries or death, or for loss from delay, arising out of the acts, omissions, or negligence of any independent contractors, such as air carriers, hotels, shore providers, restaurateurs, transportation providers, medical personnel, or other providers of services or facilities. Under no circumstances does Celebrity’s responsibility extend beyond the vessel. All arrangements made for the guest with independent contractors are made solely for the convenience of the guest and are at the guest’s risk. Celebrity disclaims all liability for damages for emotional distress, mental suffering, or psychological injury of any kind, under any circumstances, except to the extent such disclaimer is prohibited by 46U.S.C.A4183c.(b).

GUEST LIABILITY

Each guest agrees to indemnify Celebrity for all penalties, fines, charges, losses, or expenses incurred or imposed upon Celebrity by virtue of any act, omission, or violation of law by the guest. Each guest, or if a minor, his or her parent or guardian, shall be liable to and shall reimburse Celebrity for all damage to the ship and its furnishings and equipment, or any property of the ship, caused by any willful or negligent act or omission on the part of the guest.

* Taxes, fees, and port expenses are excluded.

SAFETY AND SECURITY

Q: Are there security professionals on board?

A: Yes, Celebrity ships are staffed with a chief security officer and dedicated onboard security team that sails with the ship at all times.

Q: Are cruise destinations safe?

A: Celebrity offers vacations to locations where guests want to travel; and while the safety and security of our ships, guests, and crew is very important to us, we recognize that people have differing opinions and thresholds for what they consider safe and secure. Information about the security situation in destinations around the world is publicly available on regularly updated travel security and government web sites. Just as for land vacations, this is helpful and important information for guests to consider in preparation for a cruise vacation. We strongly recommend that guests and their travel agents obtain and consider such information when making travel decisions.

TRAVEL PROTECTION

Q: Is cancellation coverage available?

A: The CruiseCare® Cancellation Penalty Waiver program waives the nonrefundable cancellation provision of your Cruise Ticket Contract and pays you the value of the unused portion of your cruise vacation in the event that you or your traveling companion needs to cancel the cruise for covered reasons. If you need to cancel for any other reason, you may be eligible for cruise credits equal to 75% of the nonrefundable value of your prepaid cruise vacation.

Q: Will guests need extra insurance?

A: Because our liability for loss or damage is limited by the Cruise Ticket Contract, we recommend that all guests check their own insurance coverage prior to departure. For some peace of mind, Celebrity Cruises' CruiseCare Travel Insurance program offers competitive medical, baggage, and trip delay coverage for the duration of their cruise vacation.

Q: Is there any baggage protection?

A: Our optional CruiseCare Travel Insurance program provides up to \$1,500 in baggage protection due to loss, theft, or damage. Should guests' bags be delayed by the airline for more than 24 hours, they may be reimbursed up to \$500 toward any purchase of necessary items.

A SPECTACULAR DAY IN THE LIFE OF FLOREANA ISLAND

We woke to the rich aromas of breakfast. I had a delicious veggie omelet with cheese, fresh-squeezed juice, and a second cup of coffee to prep for a busy day.

Our naturalist guided us to a lagoon full of brightly colored flamingos. We even saw a flamingo chick—a rare sight.

The ride to Champion Islet for some deepwater snorkeling was incredible—rock formations in the distance, birds and dolphins right next to us. We were blown away by all the tropical fish and sea creatures in the crystal-clear waters—like swimming in the coolest aquarium. We saw so many sea lions, turtles, starfish, corals, rays, urchins, even sharks.

The sea lions were my favorites. They played with us, danced pirouettes, and blew bubbles. I tried my best to keep the camera steady. Hope I got some of their antics on video.

On board for lunch, I went with the fish—grilled to perfection—and indulged in the local desserts. Hey, I'm on vacation.

At Post Office Bay, we learned about pirates, buccaneers, whalers, and such. Their “post office” was really just a barrel where they would leave mail for any ship heading in the right direction. The tradition endures. I left a postcard for my sister and took one heading to Fort Lauderdale—now I need to deliver it. At Baroness Outlook, we heard about an indulgent baroness and her three lovers—best story of the trip.

Back on board, we gathered in the Discovery Lounge for sunset cocktails, and the naturalists started to get us excited for tomorrow's activities. I signed up for everything.

At dinner, I overindulged again—so many delicious options—then headed back to the Discovery Lounge to share stories with new friends and do some dancing. Went outside and gazed up at an amazing sky. Saw the Milky Way, a shooting star, even a satellite. I didn't know it was a satellite, but a fellow guest was a professor. This is my favorite place to write in the journal.

Can't wait until tomorrow.
